

*When we talk about Panico International Law Firm we have to talk about the **SUCCESSFUL** Italian Lawyer Giuseppe Panico and when Giuseppe comes to light then we have to talk about **laws and style.***

GIUSEPPE

PANICO

INTERNATIONAL LAW FIRM

*This is how we can define our guest for this edition of The Dorian's Secrets, a **lover of life and elegance**, who today dedicates a space to us and opens its doors to talk about **Law and styling.***

¿ Giusppe, How and when did you decide you wanted to be a lawyer? From a young age of 6, when at school I defended my classmates, who were scolded by teachers for

no reason, that was my greatest motivation. How many years have

you been practicing law? Around 20 years.

What is Panico

International Law Firm? It is an office that deals with International Law, for 20 years now, helping its clients in more than 70 countries in the world and always trying to solve all the problems.

**THUS BEGINNING PANICO INTERNATIONAL
LAW FIRM.**

How did it arise and how many years has the Law Firm been created?

Due to my interest in law and languages, something that caught my attention from a very young age and later, when I started as a legal professional, I worked based on uniting these two passions, thus beginning Panico International Law Firm.

What branches of law does Panico International Law Firm cover?

It ranges from Commercial Law, Family Law, Real Estate Law, Immigration, Inheritance, Banking and Financial Law, Debt Collection and Insurance.

Are you passionate about your work?

Yes, since through it I can solve the problems of my clients and at the same time I do it traveling around the world.

What satisfaction does it give you?

My greatest satisfaction is seeing the happiness in my client's eyes when I solve their problems.

How would you describe your profession?

Quite difficult, complicated and at the same time challenging, I would say a little stressful but also exciting.

What is the hardest thing about being a lawyer?

The most difficult thing is to always achieve the positive result expected by customers.

What has been the biggest challenge you have had to face in your career? So many, so many that to say just one would be impossible for me.

How important do you think good dress is for a lawyer? For me, a lot, since appearance is form and form is substance. I enjoy fashion and dressing well is

something that completes Giuseppe Panico.

Personally, do you like fashion or you see it as a work tool? I like fashion and elegance because ever since I was a child, I always thought that I would not like to be assisted by a careless lawyer. If you don't take care of yourself, how can you take care of the clients' interests!

What is the safe formula to look elegant and modern that you recommend?

First of all, feel good about yourself, dress according to your tastes and not what fashion dictates. I, for example, follow Hugo Boss who makes classic men's clothing, with modern cuts as well as excellent quality.

What accessories do you like to add to your daily outfit?

A crucifix, a bracelet on the right wrist, a watch on the left wrist, a ring and always sunglasses... it's better not to let others read your eyes.

Any item of clothing that you would never wear?

I would never wear Suspenders under any circumstances.

Are you pro of a healthy life?

Absolutely, yes, although I can't always, since due to my profession I don't have much free time.

**"ALWAYS
SUNGLAS-
SES... IT'S
BETTER
NOT TO LET
OTHERS READ
YOUR EYES."**

Do you do any kind of exercise, do you take care of your diet? Unfortunately not everything I wanted. Sometimes I like to swim and walk when I am in a new place. For a few months I have been taking great care of my diet thanks to a nutritionist and it is not only the fact that I have lost 7 kilos in 7 months, but also that I feel much better physically.

Can you briefly describe what a Giuseppe Panico day is like? Fortunately, each day of my life is different from the others, and this is one of the things that I like the most about it. For example, right now, while you re interviewing me, I could get a call and be on the other side of the world tomorrow.

**“, WHILE
YOU’RE INTER-
VIEWING ME, I
COULD GET A
CALL AND BE
ON THE OTHER
SIDE OF THE
WORLD
TOMORROW.”**

Personally, how does Giuseppe describe himself, a passionate believer in marriage and courtship or a lover of freedom? It doesn't seem like it, but I believe so much in love that, for example, a marriage should be forever. And that's why I never got married (laughs).

As a professional do you feel that you have achieved your dreams to this day?
Professionally, I have even exceeded my expectations of a few years ago.

What plans do you have for the future, professionally and personally?
In the profession, always keep that fire lit, which is what often makes you win battles that you thought were impossible. Personally, find a woman who will be forever and have a son... Male.
Some advice for those who are about to start in the world of law. Follow what you have chosen and it makes you happy because that is the only way to achieve great results in what you set out to do.

Giuseppe Danico
